## **INDEPENDENT AUDITORS' REPORT**

To the Commissioners of  
New Jersey Water Supply Authority

### **Report on the Audits of the Financial Statements**

#### ***Opinion***

We have audited the accompanying financial statements of the New Jersey Water Supply Authority (a component unit of the State of New Jersey) (the "Authority") as of and for the years ended June 30, 2022 and 2021, and the related notes to the financial statements, which comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Authority as of June 30, 2022 and 2021, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS") and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Emphasis of Matter***

As discussed in Note K to the financial statements, in fiscal year 2022 the Authority adopted new accounting guidance GASB Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## INDEPENDENT AUDITORS' REPORT (CONTINUED)

### ***Auditors' Responsibilities for the Audits of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## INDEPENDENT AUDITORS' REPORT (CONTINUED)

### ***Other Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements that comprise the Authority's basic financial statements. The other supplementary information, as listed in table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the other supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated February 10, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

*Mercadieu, P.C.*

*Certified Public Accountants*

**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**

---

---

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

---

Year Ended June 30, 2022

This section of the Annual Financial Report of the New Jersey Water Supply Authority (the "Authority"), a Component Unit of the State of New Jersey, presents discussion and analysis of the Authority's financial performance during the fiscal years ended June 30, 2022 and June 30, 2021. Please read it in conjunction with the Authority's basic financial statements and accompanying notes.

### FINANCIAL HIGHLIGHTS – FISCAL YEAR 2022

- Operating revenue for fiscal year 2022 was \$33.4 million, a 2.0% increase over fiscal year 2021, which was the result of a 3.2% increase in Raritan sales and a .7% decrease in Manasquan sales. In the Raritan Basin System, rates remained at \$336.00 per million gallons, and the sales base remained 182.339 million gallons per day ("mgd"). In the Manasquan Reservoir System, rates remained at \$1,010.75 per million gallons. The fiscal year 2022 sales base remained at 19.443 mgd. Income from operations decreased 15.8% for the Raritan System and decreased 1.8% for the Manasquan System.
- Total operating expenses for fiscal year 2022 increased to \$21.1 million, which represents a 13.0% increase from fiscal year 2021. The increase was primarily due to an increase in operating and maintenance expenses related to Hurricane Ida repairs.
- Other changes for fiscal year 2022 include the following: non-operating revenue decreased 1.1% to \$.5 million, primarily because of a decrease in investment income offset by an increase in other income.
- Non-operating expenses for fiscal year 2022 decreased 132.9% to (\$.7) million, primarily related to a decrease in GASB 62 cost recovery offset by an increase in interest component of debt service to the State of New Jersey.
- Unrestricted cash and cash equivalents for fiscal year 2022 were \$68.9 million, an increase of 4.5% compared to fiscal year 2021.
- Total liabilities for fiscal year 2022 were \$212.0 million. This is a decrease of 3.4% from fiscal year 2021 and reflects a decrease in Net Pension Liability and the continued paydown of long-term debt.
- Deferred outflows of resources decreased 5.3% mainly due to decreases in the Pension category. Deferred inflows of resources decreased 8.4% due mainly to decreases in the Cost Recovery category.

---

---

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

---

Year Ended June 30, 2022

### FINANCIAL HIGHLIGHTS – FISCAL YEAR 2021

- Operating revenue for fiscal year 2021 was \$32.7 million, a .5% decrease over fiscal year 2020, which was the result of a .4% increase in Raritan sales and a 2.9% decrease in Manasquan sales. In the Raritan Basin System, rates remained at \$336.00 per million gallons, and the sales base remained at 182.339 million gallons per day (“mgd”). In the Manasquan Reservoir System, rates decreased to \$1,010.75 per million gallons. The fiscal year 2021 sales base remained at 19.443 mgd. Income from operations increased 36.3% for the Raritan System and decreased .7% for the Manasquan System.
- Total operating expenses for fiscal year 2021 decreased to \$18.7 million, which represents a 13.8% decrease from fiscal year 2020. The decrease was primarily due to a decrease in fringe benefits related to GASB 75 Other Post-Employment Benefits (OPEB) expenses re-categorized as a deferred outflow of resources in fiscal year 2021. This decrease was augmented by lower salary expense due to turnover, and lower operations and maintenance costs.
- Other changes for fiscal year 2021 include the following: non-operating revenue decreased 72.4% to \$.5 million, primarily because of decreases in grant related income and investment income.
- Non-operating expenses for fiscal year 2021 increased 29.3% to \$2.0 million, primarily related to an increase in the interest component of debt service associated with the permanent financing of the Authority’s Raritan Basin System Canal Dredging project.
- Unrestricted cash and cash equivalents for fiscal year 2021 were \$66.0 million, an increase of 14.8% compared to fiscal year 2020.
- Total liabilities for fiscal year 2021 were \$219.5 million. This is an increase of 27.2% from fiscal year 2020 and reflects additional interim financing related to the Authority’s Raritan Basin System Round Valley Refurbishment and Resource Preservation project as well as an increase in the Authority’s portion of the net OPEB liability.
- Deferred outflows of resources increased 149.2% mainly due to increases in the OPEB category. Deferred inflows of resources decreased 5.4% mainly due to decreases in the OPEB category.

### OVERVIEW OF THE FINANCIAL STATEMENTS

The annual financial report consists of two parts: Management’s Discussion and Analysis (this section) and the financial statements. The Authority is a self-supporting entity and follows enterprise fund accounting. The enterprise fund concept is similar to the manner in which private business enterprises are financed and operated. The Authority presents its financial statements on the

---

---

MANAGEMENT'S DISCUSSION AND ANALYSIS

---

---

Year Ended June 30, 2022

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

accrual basis of accounting. The statements offer short and long-term financial information about the activities and operations of the Authority. The intent is that the costs of providing service to water users on a continuing basis are financed primarily through user charges. The Authority has established certain restricted "funds or accounts," as directed by internal resolution and bond indentures. In an effort to ensure compliance with the Authority's by-laws and to safeguard its assets, internal controls have been developed and implemented by management. These internal controls include policies, procedures, approved organizational structures and approved budgets for capital and operating expenditures.

FINANCIAL ANALYSIS OF THE AUTHORITY

The Authority's total net position was approximately \$135.3 million as of June 30, 2022. In fiscal year 2022, total assets and deferred outflows increased 1.1% to \$369.1 million, primarily due to an increase in investments in capital assets, offset by a decrease in unrestricted current assets. Total liabilities decreased 3.4% to \$212.0 million. Total net position as of June 30, 2021, was approximately \$122.0 million. Total assets and deferred outflows at June 30, 2021, increased 18.9% to \$365.2 million, primarily due to investments in capital assets and an increase in accounts receivable related to the second interim financing for the Raritan Basin System Round Valley Refurbishment and Resource Preservation project that occurred in fiscal year 2021. Total liabilities increased 27.2% to \$219.5 million. Changes in assets, liabilities and net position at June 30, 2022, 2021 and 2020 are summarized in the following table:

MANAGEMENT'S DISCUSSION AND ANALYSIS

---

---

Year Ended June 30, 2022

OPERATING ACTIVITIES

The Authority operates three separate systems: the Raritan Basin System, the Manasquan Water Supply System, and the Manasquan Water Treatment Plant and Transmission System. The Manasquan Water Treatment Plant and Transmission System is owned by the Southeast Monmouth Municipal Utilities Authority, which sets the rates, and is operated and maintained by the Authority under the terms of an operating agreement. Each system must generate sufficient revenue each year to cover its own operating expenses and debt service. The following rates were adopted at the May 2021 and 2020 Authority meetings, respectively, based on anticipated operating expenses:

	<b>Rate Effective <u>7/01/2021</u></b>	<b>Rate Effective <u>7/01/2020</u></b>	<b>Percent <u>Change</u></b>
Raritan Basin System	\$ 336.00/mg	\$ 336.00/mg	- %
Manasquan Water Supply System			
Initial users	\$1,010.75/mg	\$1,010.75/mg	- %
Delayed water users	\$1,124.67/mg	\$1,124.67/mg	- %

The Authority's total operating revenue for fiscal year 2022 was \$33.4 million, an increase of 2.0% from fiscal year 2021, due to a 3.2% increase in Raritan water sales and a .7% decrease in Manasquan water sales. The Authority's total operating expenses for fiscal year 2022 were \$21.1 million, an increase of 13.0% from fiscal year 2021, mainly because of an increase in operating and maintenance expenses related to Hurricane Ida repairs. The Authority's total operating revenue for fiscal year 2021 was \$32.7 million, a decrease of .5% from fiscal year 2020. The Authority's total operating expenses for fiscal year 2021 were \$18.7 million, a decrease of 13.8% from fiscal year 2020. The following table summarizes the changes in revenue, expenses and net position between fiscal years 2022, 2021 and 2020:

CAPITAL ASSETS AND DEBT ADMINISTRATION

At June 30, 2022, the Authority had a total of \$223,816,244 invested in the Systems that it operates: \$176,725,120 invested in the Raritan Basin System and \$47,091,124 invested in the Manasquan System. This total amount represents a 7.7% increase from last year. At June 30, 2021, the Authority had a total of \$207,739,965 invested in the Systems that it operates: \$159,000,029 invested in the Raritan Basin System and \$48,739,936 invested in the Manasquan System. This total amount represents a 16.0% increase from the prior year.

Year Ended June 30, 2022

CAPITAL ASSETS AND DEBT ADMINISTRATION (CONTINUED)

The following table summarizes the changes in capital assets, net of depreciation, between fiscal years 2022, 2021 and 2020:

	2022	2021	2020	Percentage Change 2022-2021	Percentage Change 2021-2020
Land and land rights	\$ 26,444,952	\$ 26,444,952	\$ 26,444,952	- %	- %
Dams	43,486,485	44,248,251	45,013,036	(1.72)	(1.70)
Building, structures and improvements	46,834,126	45,995,010	47,718,259	1.82	(3.61)
Machinery and equipment	2,006,536	1,503,309	1,374,790	33.47	9.35
Leased equipment	33,896	7,032	-	382.03	100.00
Construction work in progress	105,010,249	89,541,411	58,457,524	17.28	53.17
Total capital assets	\$ 223,816,244	\$ 207,739,965	\$ 179,008,561	7.74	16.05

More detailed information about the Authority's capital assets is presented in Note C to the basic financial statements.

The following table summarizes the changes in capital debt between fiscal years 2022, 2021 and 2020:

	2022	2021	2020	Percentage Change 2022-2021	Percentage Change 2021-2020
Bonds payable	\$ 5,488,656	\$ 5,936,022	\$ 9,355,100	(7.54) %	(36.55) %
Notes payable	33,566,892	33,566,892	33,566,892	-	-
Loans payable	116,982,962	119,872,023	73,907,816	(2.41)	62.19
Total	\$ 156,038,510	\$ 159,374,937	\$ 116,829,808	(2.09)	36.42

At year end, the Authority had \$156,038,510 in bonds, notes and loans principal outstanding, compared to \$159,374,937 at June 30, 2021. This change represents a decrease of 2.1%. The change in bonds, notes and loans principal outstanding at June 30, 2021, compared to the total of \$116,829,808 at June 30, 2020, represents an increase of 36.4%, as shown in the above table.

More detailed information about the Authority's long-term debt is presented in Note E to the basic financial statements.

---

---

## MANAGEMENT'S DISCUSSION AND ANALYSIS

---

---

Year Ended June 30, 2022

### CURRENT AND NEW BUSINESS

During fiscal year 2022, the Authority supplied water to 30 contractual customers of the Raritan Basin System, who, in turn, supplied water to approximately 1,500,000 people in central New Jersey. Two customers accounted for approximately 84% of total Raritan Basin System operating revenue. There is no expected change in the sales base of the Raritan Basin System of 182.339 mgd in fiscal year 2023. In addition, during fiscal year 2022, the Authority provided water to 13 contractual customers of the Manasquan Water Supply System, who provided water to approximately 250,000 people in the Monmouth County area. During fiscal years 2022 and 2021, three customers accounted for approximately 85% of the total Manasquan System operating revenue. There is no expected change in the sales base of the Manasquan Water Supply system of 19.443 mgd in fiscal year 2023.

### CONTACTING THE AUTHORITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide the water customers, New Jersey citizens, investors and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability as a self-supporting entity. The Authority's overall financial position has improved; total net position has increased and the Authority continues to receive favorable bond ratings. If you have questions about this report or need additional financial information, you can contact the New Jersey Water Supply Authority at 1851 Highway 31, P.O. Box 5196, Clinton, New Jersey 08809, (908) 638-6121 or visit our website at [www.njwsa.org](http://www.njwsa.org).

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**A. ORGANIZATION AND OPERATIONS**

The New Jersey Water Supply Authority (the “Authority”), a component unit of the State of New Jersey (the “State”), consisting of the Spruce Run/Round Valley Reservoirs Complex, the Delaware and Raritan Canal Transmission Complex (the “Raritan Basin System”) and the Manasquan Reservoir Water Supply System (the “Manasquan System”), is a public body, corporate and politic, constituted as an instrumentality of the State, exercising public and essential governmental functions. The Authority was created by the New Jersey Water Supply Authority Act (the “Act”) on October 7, 1981, and in connection with the Act, all water supply facilities owned or operated by the State (*i.e.*, *Raritan Basin System*) were transferred or leased to the Authority. The Act empowers the Authority to acquire, finance, construct and operate water systems and issue bonds. Members of the Authority consist of the Commissioner of the New Jersey Department of Environmental Protection (“NJDEP”), an *ex officio* member, and six public members appointed by the Governor upon the advice and consent of the New Jersey Senate. The public members represent the agricultural community, industrial water users, residential water users, private watershed associations, public finance and water resource management and distribution. The Authority prepares an annual budget that is used to establish rates and as a management tool, but the budget does not constitute a legal budget or establish spending limitations.

The Authority does not have component units that should be included within its financial statements.

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The Authority is a component unit of the State and is included in their general purpose financial statements.

The accompanying basic financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (“GASB”).

In its accounting and financial reporting, the Authority follows the pronouncements of the GASB and other entities that promulgate accounting principles. GASB Statement 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, establishes the order of priority of pronouncements and other sources of accounting and financial reporting guidance that a governmental entity should apply. Per the Statement, the sources of authoritative generally accepted accounting principles (“GAAP”) are categorized in descending order of authority as follows: GASB Statements and Interpretations, GASB Technical Bulletins, GASB Implementation Guides, and literature of the American Institute of Certified Public Accountants (“AICPA”) cleared by the GASB. Authoritative GAAP is incorporated periodically into the Codification of Governmental Accounting and Financial Reporting Standards (Codification), and when presented in the Codification, it retains its authoritative status. If the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP described above, a governmental entity should first consider accounting

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Basis of Accounting (Continued)**

principles for similar transactions or other events within a source of authoritative GAAP described above and then may consider nonauthoritative accounting literature from other sources. These include GASB Concepts Statements; pronouncements and other Statements, pronouncements and other literature of the Financial Accounting Standards Board ("FASB"), Federal Accounting Standards Advisory Board, International Public Sector Accounting Standards Board, and International Accounting Standards Board, and AICPA literature not cleared by the GASB; practices that are widely recognized and prevalent in state and local government; literature of other professional associations or regulatory agencies; and accounting textbooks, handbooks and articles.

The Authority derives most of its revenue from water user charges and is considered to be an enterprise fund; accordingly, the Authority presents its financial statements on the accrual basis of accounting. In addition, the Authority has established certain restricted "funds or accounts" as directed by internal resolution and bond indentures.

**Revenues**

Charges for wholesale water usage are established to provide revenue sufficient for services, essential repairs and improvements to the utility plant, and repayment of debt service on certain long-term obligations used for plant construction. Sales are recognized as revenue when water is made available to customers, and the customers are billed in the following month or quarter.

The Authority distinguishes operating revenue and expenses from non-operating items. Operating revenue and expenses result from the sale of water to customers. Operating expenses include costs of providing water, administrative expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as non-operating revenue and expenses.

**Capital Assets**

Capital assets are stated at original cost and consist primarily of amounts expended to license, construct, acquire, complete and place into operation the projects of the Authority. Capital assets are defined by the Authority as assets with an initial individual cost of more than \$1,000 and an estimated useful life in excess of three years. Such expenditures include labor, materials, services and indirect costs. Normal maintenance and repair costs are charged to operations and maintenance expense. Improvements and replacements are capitalized. Interest earned on long-term debt proceeds used for capital asset construction and temporarily invested during the construction period is netted against interest cost. The excess, if any, is capitalized to construction work in progress, and the portion related to completed projects is expensed. The cost of capital assets retired, net of any gain or loss on the disposal of such capital assets, is offset to accumulated depreciation. The Authority also holds several restricted easements for utility access, conservation and water rights. These easements are recorded at the lower of cost or fair market value upon acquisition.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Depreciation**

Capital assets are depreciated on the straight-line basis over the estimated useful lives of the various classes of plant, as follows:

Dams	100 years
Buildings, structures and improvements	15-40 years
D&R canal dredging	20 years
Machinery and equipment	3-10 years

**Cash and Cash Equivalents**

For purposes of the statements of cash flows, the Authority considers short-term investments that have original maturities of ninety days or less to be cash equivalents.

**Investments**

Short-term investments and restricted investments used for construction and payment of interest consist of money market funds and U.S. government-backed securities with various interest rates. Restricted investments are restricted under the terms of the Authority's bond indentures for the payment of debt service. All investments are carried at fair value, in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* and GASB Statement No. 72, *Fair Value Measurement and Application*.

**Accounts Receivable**

The Authority considers most of its accounts receivable to be collectible; accordingly, the change in net position is charged with an allowance for estimated uncollectible accounts based on past experience and an analysis of current accounts receivable collectability. Accounts deemed uncollectible are charged to the allowance in the year they are deemed uncollectible.

**Compensated Absences**

All full-time employees accumulate vacation benefits in varying annual amounts up to a maximum allowable accumulation of two years' benefit. Unused sick leave benefits are earned by all full-time employees at a rate of 15 days per year and may be accumulated without limit. In the event of termination, an employee is reimbursed for all accumulated vacation days. Unused sick leave benefits do not vest but are payable only upon retirement up to a maximum of \$15,000. A liability is accrued in the financial statements when incurred.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Income Taxes**

The Authority is exempt from federal income taxes under the Internal Revenue Code, Section 115, and from state income taxes under N.J.S.A. 27:25-16, and accordingly, no provision is recorded for federal or state income taxes.

**Net Position**

Net position represents the difference between assets and liabilities and is classified into three categories:

- *Net Investment in Capital Assets* – This represents capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition construction or improvement of those assets.
- *Restricted for cash, investments, and unearned revenue* – This represents the net position that is not accessible for general use because its use is subject to restrictions enforceable by third parties. When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first and then unrestricted resources, as they are needed.
- *Unrestricted Net Position* – This represents the net position that is available for general use.

**Deferred Inflows and Outflows of Resources**

In addition to assets and liabilities, the statements of net position report separate sections of deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period which will not be recognized as an outflow of resources until that time. Deferred inflows of resources represent an acquisition of net position that applies to a future period which will not be recognized as an inflow of resources until that time.

*Deferred Inflows of Resources – Cost Recovery*

The Authority's cost recovery rate model used to establish rates, fees and charges includes an amount for debt principal repayment (but not for depreciation on the related debt financed assets) and also includes vacation amounts paid. In accordance with GASB No. 62, the Authority has deferred the excess of current depreciation on assets financed with debt proceeds over the costs for debt principal repayment and the excess of vacation expense over vacation paid, and accrued sick pay, which are being classified as deferred inflows of resources. The deferred inflows will be recovered through future revenue in accordance with the rate model. The deferred amounts for the years ended June 30, 2022 and 2021, were determined as follows:

**NEW JERSEY WATER SUPPLY AUTHORITY

 Total Raritan Basin and Manasquan	<b>(1,896,216)</b>	778,441
Balance, beginning of year	<b>1,210,498</b>	432,057
Balance, end of year	<b>\$ (685,718)</b>	\$ 1,210,498

As shown in the statements of revenue, expenses and changes in net position for the year ended June 30, 2022, the recovery of deferred inflows of resources credit balance of \$1,265,301 includes a debit balance of \$715,762 of Manasquan Water Treatment Plant unearned revenue, which is not part of the rate model, and does not include a debit balance of \$84,847 of accrued vacation and sick pay. The June 30, 2021, deferred inflows of resources debit balance of \$1,635,336 includes a debit balance of \$841,399 of Manasquan Water Treatment Plant unearned revenue, which is not part of the rate model, and does not include a credit balance of \$15,496 of accrued vacation and sick pay.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Deferred Inflows and Outflows of Resources (Continued)**

*Deferred Inflows/Outflows of Resources – Debt Refunding*

Deferred charges for debt refunding result from the difference between the net carrying amount of refunded bonds and the amount deposited to escrow to defease the bonds. In accordance with GASB 23, the Authority has deferred the difference between the reacquisition price and the net carrying amount of the Manasquan Reservoir Water Supply System Revenue Bonds, Series 2005. The deferred amount is reported as a deferred inflow of resources and amortized as a component of interest expense over the remaining life of the Manasquan Reservoir Water Supply System Refunding Bonds, Series 2016.

*Deferred Inflows/Outflows of Resources – Pensions & Other Post-retirement Benefits (OPEB)*

Deferred charges for defined benefit plans result from the difference between expected (actuarial) and actual experience, changes in actuarial assumptions, net difference between projected (actuarial) and actual earnings on plan investments, changes in the State’s proportion of expenses and liabilities to the plans as a whole, differences between the Authority’s plan contributions and its proportionate share of contributions, and the Authority’s pension contributions subsequent to the pension valuation measurement date.

**Accounting for Southeast Monmouth Municipal Utilities Authority Agreement**

The Authority operates and maintains a Water Treatment Plant/Transmission System for the Southeast Monmouth Municipal Utilities Authority (“SMMUA”). The SMMUA is charged for budgeted operating expenses expected to be incurred by the Authority during the SMMUA’s fiscal year (January 1 through December 31).

Because of the difference resulting from billing the SMMUA for budgeted expenses versus actual expenses appearing in the financial statements, the Authority includes unearned costs (actual costs exceeding SMMUA billings) or unearned revenue (SMMUA billings exceeding actual costs) in its statements of net position. These excess costs or billings will be recovered or recognized in future periods. As of June 30, 2022 and 2021, unearned revenue amounting to \$4,642,192 and \$3,926,430, respectively, was determined as follows:

	<u>2022</u>	<u>2021</u>
Reimbursement of operating expenses	<b>\$ 2,583,507</b>	\$ 2,614,605
Operating expenses	<b>1,867,745</b>	1,773,206
Unearned revenue	<b>715,762</b>	841,399
Balance, beginning of year	<b>3,926,430</b>	3,085,031
Balance, end of year	<b><u>\$ 4,642,192</u></b>	<b><u>\$ 3,926,430</u></b>

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Accounting for Southeast Monmouth Municipal Utilities Authority Agreement (Continued)**

In previous years, the Authority received additional funds that are restricted for use by the SMMUA for costs associated in operating the Water Treatment Plant. As of June 30, 2022 and 2021, the amount included in unearned revenue was \$267,942 and \$286,227, respectively.

**Accounting for Watershed Protection Program**

For the fiscal years ended June 30, 2022 and 2021, the Authority received \$107,250 and \$592,598, respectively, from the federal and/or state environmental agencies for the costs associated with various watershed protection studies of the Raritan Basin System. These funds are restricted to uses specifically identified in grant agreements between the Authority and these agencies and will be recognized as revenue as the related costs are incurred. Eligible project expenses include, but are not limited to, the cost of mapping out streams and other water sources and studying and implementing best land use practices to improve water quality. As of June 30, 2022, all the funds received had been recognized as revenue.

**Accounting for Mitigation Funds**

During fiscal years ended June 30, 2022, 2020, 2019, and 2011, the Authority received \$86,768, \$247,000, \$475,000, and \$20,000, respectively, for the costs associated with implementing water quality improvement projects for the Delaware and Raritan Canal. These funds are restricted to projects specifically identified by the D&R Canal Commission ("DRCC") and administered by the Authority and are recognized as revenue as the related costs are incurred. These funds are maintained in a separate mitigation account. As of June 30, 2022 and 2021, the balance of unearned revenue was \$553,485 and \$601,793, respectively.

**Accounting for FEMA Reimbursements**

The Authority received Federal Emergency Management Agency reimbursements for COVID-19 and the remnants of Hurricane Ida flooding in the amounts of \$95,756 and \$0 for the fiscal years ended June 30, 2022, and 2021, respectively.

**NEW JERSEY WATER SUPPLY AUTHORITY

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**D. CASH, CASH EQUIVALENTS AND INVESTMENTS**

New Jersey statutes permit the deposit of public funds in the State of New Jersey Cash Management Fund (“NJCMF”) or in institutions located in New Jersey that are insured by the Federal Deposit Insurance Corporation (the “FDIC”) or by any other agencies of the United States that insure deposits. All funds of the Authority may be invested in, obligations of, or guaranteed by, the U.S. government.

The Authority’s bond resolutions limit the investment of restricted assets to obligations of the U.S. government or its agencies, investments in certain certificates of deposit of commercial banks that are members of the Federal Reserve System, investments in the NJCMF, and direct and general obligations of any state that meets the minimum requirements of the resolution.

1. Cash

As of June 30, 2022 and 2021, the Authority’s bank balances were \$104,682,169 and \$98,082,732, respectively, of which \$250,000 was covered through the FDIC. The remaining balances of \$104,432,169 and \$97,832,732 as of June 30, 2022 and 2021, respectively, were collateralized through two irrevocable stand-by letters of credit issued by the Federal Home Loan Bank of Pittsburgh through TD Bank. The letters of credit cover up to a maximum of \$104,000,000 and \$2,000,000 of Authority deposits, respectively. The letters expired on August 23, 2022, and were subsequently renewed with a single letter in the amount of \$100,000,000 for an additional period ending March 28, 2023. The cash balance per the statements of net position is shown exclusive of outstanding checks totaling \$114,451 and \$160,114, respectively. The statements of net position amount includes petty cash totaling \$300 as of June 30, 2022 and 2021, respectively.

2. Custodial Credit Risk – Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Authority’s deposits may not be returned. The Authority does not have a deposit policy for custodial credit risk. The Authority’s bank balance of \$104,682,169 and \$98,082,732 as of June 30, 2022 and 2021, respectively, was exposed to custodial credit risk as follows:

	<u>2022</u>	<u>2021</u>
Uninsured and uncollateralized	\$ -	\$ -

3. Investments and Cash Equivalents

The Authority does not have a policy to limit interest rate risk; however, its practice is to hold investments to maturity.

The Authority categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The Authority has no level 1 or level 3 investments.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**D. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)**

3. Investments and Cash Equivalents (Continued)

As of June 30, 2022, the Authority had the following recurring fair value measurements using current sale prices or sale prices of comparable securities for New Jersey General Obligation Bonds (Level 2 inputs) for investments and cash equivalents, and maturities:

Investment and Cash Equivalent Type	Valuation Inputs Level	Fair Value	Investment Maturities (In Years)	
			Less than 1	1-5
NJ G/O Bonds and CDs	Level 2	\$ -	\$ -	\$ -
Total		\$ -	\$ -	\$ -

As of June 30, 2021, the Authority had the following recurring fair value measurements using current sale prices or sale prices of comparable securities for New Jersey General Obligation Bonds (Level 2 inputs) for investments and cash equivalents, and maturities:

Investment and Cash Equivalent Type	Valuation Inputs Level	Fair Value	Investment Maturities (In Years)	
			Less than 1	1-5
NJ G/O Bonds and CDs	Level 2	\$ 250,264	\$ 250,264	\$ -
Total		\$ 250,264	\$ 250,264	\$ -

4. Credit and Custodial Credit Risk

In order to limit exposure to credit risk, the Authority follows the investment policies set forth by the NJCMF. These policies allow investment in securities that achieve a certain rating from the three major ratings organizations as determined annually by the governing board of the NJCMF, as well as limiting investments to certain types of marketable securities.

U.S. Treasury notes are explicitly guaranteed by the U.S. government and are not subject to credit risk or custodial credit risk.

The Authority entered into an agreement with TD Bank to collateralize all deposits held at a market rate equal to 102% of the daily combined total of all deposits. As of June 30, 2022, all deposits were collateralized.

5. Investment Income

The following comprises investment income for the years ended June 30, 2022 and 2021:

	<b>2022</b>	<b>2021</b>
Interest earned on bank accounts and certificates of deposit	<b>\$ 101,698</b>	\$ 150,439
Interest earned on securities	<b>281</b>	9,123
Increase in fair value of securities	<b>2,011</b>	9,507
	<b>\$ 103,990</b>	\$ 169,069

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**E. BONDS, NOTES AND LOANS PAYABLE**

**Manasquan System**

1. Notes Due to State of New Jersey

The Authority has a contractual obligation to repay the following debt:

The \$63,600,000 of Manasquan Reservoir Water Supply System State Loan Notes (the "State Loan Notes") issued June 3, 1987, pursuant to the terms of the State Loan Agreement between the Authority and the State of New Jersey (the "State Loan Agreement"), from monies authorized by the 1981 bond appropriation of \$72,000,000 for construction of the Manasquan System and the \$7,416,000 of Interim Advance Notes issued September 12, 1988, from monies made available from the General Fund of the State to finance completion costs of the Manasquan System. The State Loan Notes and the Completion Loan Notes bear interest at 5.9% and 6.2%, respectively, and are collateralized by the property and revenues of the Manasquan System.

In accordance with the terms of the State Loan Agreement, the State Loan Notes are classified as either Current Debt Service Portion Notes ("Current Notes") or Deferred Debt Service Portion Notes ("Deferred Notes"). Principal of the Deferred Notes will be discharged solely by exchange for Current Notes or by the expiration of a period of forty years from the date of their issuance, which was June 3, 1987. The Deferred Notes must be exchanged for Current Notes on a pro rata basis to the extent that the Authority enters into additional long-term contracts to sell water from the Manasquan System on an annual basis. Such Current Notes are payable over a thirty-year period commencing from such date as is defined in the State Loan Agreement.

Interest on the Deferred Notes accreted as principal through July 31, 1993, and is not payable until they have been exchanged for Current Notes. The interest that accreted as principal through July 31, 1990, accrued interest; however, the interest that accreted for the period from August 1, 1990 through July 31, 1993, did not accrue interest. The accretion of interest to the principal amount for the Current Notes and the Deferred Notes is \$25,563,184 at June 30, 2022 and 2021.

On May 12, 2016, the Authority repaid the State \$78,651.22 for principal and all accrued interest on outstanding Current State Loan Notes and Completion Loan Notes. At June 30, 2022 and 2021, the State Loan Notes and Completion Loan Notes are summarized as follows:

<b>State Loan Notes</b>	<b>2022</b>	<b>2021</b>
Current Notes	\$ -	\$ -
Deferred Notes	<b>30,365,115</b>	30,365,115
<b>Completion Loan Notes</b>		
Current Notes	-	-
Deferred Notes	<b>3,201,777</b>	3,201,777
	<b>\$ 33,566,892</b>	\$ 33,566,892

(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**E. BONDS, NOTES AND LOANS PAYABLE (CONTINUED)**

**Manasquan System (Continued)**

2. Manasquan Reservoir Water Supply System Revenue Bonds, Series 2005

On August 5, 2005, the Authority issued \$47,535,000 in Manasquan Reservoir Water Supply System Revenue Bonds, Series 2005. The proceeds, together with other monies on deposit, were used to prepay \$49,293,438 in Current Manasquan State Loan Notes and Completion Loan Notes, the proceeds of which were used to construct the Manasquan Water Supply System. The Revenue Bonds, Series 2005, carried a bond yield of 3.95%, and were scheduled to mature in incremental annual principal amounts through 2031.

The property, and 100% of the revenue generated by the Debt Service Component of the Rate for both initial system customers and delayed water purchase customers of the Manasquan System, was pledged as collateral for the 2005 Bonds. The Debt Service Component of the Rate represents 120% of the principal and interest requirements. For each of the years ended June 30, 2022 and 2021, the Debt Service Component of the Rate generated \$710,513.

The Revenue Bonds, Series 2005, had a principal balance outstanding of \$26,105,000 at June 30, 2015. Those bonds maturing on or after August 1, 2016, were subject to redemption prior to their stated maturity dates at the option of the Authority. The last principal payment of \$2,940,000 was made on August 1, 2015. The remaining 2005 Bonds were redeemed on June 15, 2016, for \$23,596,126 including accrued interest.

3. Manasquan Reservoir Water Supply System Refunding Bonds, Series 2016

On April 26, 2016, the Authority issued \$17,460,000 in Manasquan Reservoir Water Supply System Refunding Bonds, Series 2016. The proceeds, together with other monies on deposit in the amount of \$6,340,964, were used to prepay \$23,242,358 in Manasquan Reservoir Water Supply System Revenue Bonds, Series 2005 and Current Manasquan State Loan Notes and Completion Loan Notes.

The Refunding Bonds, Series 2016, have a principal balance outstanding of \$4,965,000 at June 30, 2022, carry a bond yield of 1.6%, and mature in incremental annual principal amounts through 2031. Principal maturities for the year ending June 30, 2023, are \$415,000.

The property, and 100% of the revenue generated by the Debt Service Component of the Rate for both initial system customers and delayed water purchase customers of the Manasquan System, was pledged as collateral for the 2016 Bonds. The Debt Service Component of the Rate represents 120% of the principal and interest requirements. The pledged revenue will be unavailable for other purposes until August 1, 2031.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**E. BONDS, NOTES AND LOANS PAYABLE (CONTINUED)**

**Manasquan System (Continued)**

3. Manasquan Reservoir Water Supply System Refunding Bonds, Series 2016 (Continued)

For the years ended June 30, 2022 and 2021, interest expense on the 2016 Bonds amounted to \$179,083 and \$210,926, respectively, and for each year the related interest income earned on the restricted investments account amounted to \$0.

The current refunding resulted in a difference between the par amount of the refunding bonds and the par amount of the refunded bonds of \$5,782,358. The net premium received on the refunding bonds was \$1,821,414, is reported with bonds payable on the statements of net position, and is being charged to operations using a method that approximates the effective interest method over the shorter of the remaining life of the old debt or the life of the new debt. Although the refunding resulted in an accounting gain of \$823,712, it was performed to reduce debt service by approximately \$5,269,268 and resulted in an economic gain (difference between the present values of the old and new debt service payments) of \$2,999,861. The accounting gain, or deferred gain on the refunding, is reported as a deferred inflow of resources in the amount of \$236,817 and \$260,499 as of June 30, 2022, and 2021, respectively.

4. New Jersey Environmental Infrastructure Financing Program (“NJEIFP”)

The Authority obtained a loan from the New Jersey Environmental Infrastructure Trust (“the Trust”) for the construction of a permanent structure over the Manasquan Intake Pump Station. Under the NJEIFP, the borrowers benefit from a loan formula under which participants borrow a percentage of cost from the State Revolving Fund maintained by the NJDEP at zero interest and the remaining percentage from the Trust at the same interest rate the Trust pays on its bonds. Under the State’s Smart Growth Initiative, the interest rate is equivalent to 25 percent of the lowest available rate. Each NJEIFP loan carries a 20-year life. Property and revenue of the Manasquan Reservoir System are pledged as collateral for the loans.

The following table summarizes the NJEIFP loan outstanding for the Manasquan Reservoir System, as of June 30, 2022:

NJEIFP Series	Date of Issuance	State Revolving Fund Original Principal	Percent	Trust Original Principal	Percent	Blended Interest Rate	Outstanding Principal	Maturity
2012B	5/3/2012	\$ 2,312,250	76%	\$ 715,000	24%	0.80%	\$ 1,539,181	8/1/2031

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**E. BONDS, NOTES AND LOANS PAYABLE (CONTINUED)**

**Raritan System**

5. New Jersey Environmental Infrastructure Financing Program (“NJEIFP”)

The Authority obtained loans from the Trust for the acquisition of source water watershed properties critical to the Raritan Basin System. Under the NJEIFP, the borrowers benefit from a loan formula under which participants borrow a percentage of the cost from the State Revolving Fund maintained by the NJDEP at zero interest and the remaining percentage from the Trust at the same interest rate the Trust pays on its bonds. Under the State’s Smart Growth Initiative, the interest rate is equivalent to 25 percent of the lowest available rate. Each NJEIFP loan carries a 20-year life, and property and revenue of the Raritan Basin System are pledged as collateral for the loans.

In fiscal year 2018, the Authority borrowed \$49,548,569 from the New Jersey Infrastructure Bank (NJIB - formerly known as the New Jersey Environmental Infrastructure Trust) through an interim note to finance its Raritan Basin System Canal Dredging project. In fiscal year 2021 the interim note was converted to permanent long-term financing with the NJIB and the State for a total amount of \$35,684,438 at a blended interest rate of .41%. Actual project costs were lower than expected, causing the final loan amount to be lower than originally anticipated.

In fiscal year 2019, the Authority borrowed \$15,224,595 from the NJIB through an interim note to finance a portion of its Raritan Basin System Round Valley Refurbishment and Resource Preservation project. In fiscal year 2021, an additional \$59,775,405 interim financing was completed for the remainder of the project. Upon substantial completion of the project, it is anticipated that the interim note will convert to permanent long-term financing.

The following table summarizes the NJEIFP loans outstanding for the Raritan Basin System, as of June 30, 2022:

NJEIFP Series	Date of Issuance	State Revolving Fund Original Principal	Percent	Trust Original Principal	Percent	Blended Interest Rate	Outstanding Principal	Maturity
2003A	11/6/2003	\$ 627,019	75%	\$ 235,000	25%	1.19%	\$ 98,218	8/1/2023

**F. EMPLOYEE BENEFITS**

**Pension and Retirement Plans**

Full-time employees of the Authority are covered by the Public Employees' Retirement System of the State of New Jersey ("PERS"). PERS is administered by the State of New Jersey, Division of Pensions and Benefits ("Division"). The Authority has adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. Statements No. 68 and 71 require the Authority to report its share of the defined benefit pension liability and expense, as well as the related deferred outflows of resources and deferred inflows of resources, allocated to it by the PERS. For additional information about PERS, please refer to the Division's Annual Comprehensive Financial Report (ACFR) which can be found at <https://www.state.nj.us/treasury/pensions/documents/financial/gasb/gasb68-pers21.pdf>.

Following is the total of the local portion of the System's pension liabilities, pension assets, deferred outflows of resources and deferred inflows of resources related to pensions, and the pension expense and expenditures for the fiscal year ended June 30, 2022.

Net Pension Liabilities	\$12,251,099
Deferred Outflows of Resources	2,085,383
Deferred Inflows of Resources	8,086,596
Pension Expense	(1,458,153)
Contributions Made	1,211,114

*Plan Description and Benefits*

PERS is a cost-sharing, multiple-employer defined benefit pension plan. PERS provides retirement and disability benefits, annual cost of living adjustments, and benefits to plan members and their beneficiaries. As a condition of employment, all Authority full-time employees are required to be members of PERS. PERS members can apply for a service retirement at age 60 if enrolled before November 2, 2008 (Tier 1 or Tier 2), or at age 62 if enrolled on or after November 2, 2008, but before June 28, 2011 (Tier 3 or Tier 4), or at age 65 if enrolled on or after June 28, 2011 (Tier 5), regardless of the amount of service credit earned.

For Tiers 1, 2 or 3, the Annual Benefit equals Years of Service Credit, divided by 55, times Final Average Salary (average salary of the last three years of credited service or the highest three fiscal years of credited service, whichever provides the higher benefit). For Tier 4 or Tier 5: Annual Benefit equals Years of Service Credit, divided by 60, times Final Average Salary (average salary of the last five years of credited service or the highest five fiscal years of credited service, whichever provides the higher benefit). Pension benefits fully vest on reaching 10 years of service. Vested employees who were enrolled prior to July 1, 2007, and who have established 25 years or more of creditable service may retire without penalty at or after age 55 and receive full retirement benefits. PERS also provides death and disability benefits. Benefits are established by state statute.

*Contributions*

Employee contribution rates to PERS governed by P.L. 2011, C. 78, effective June 28, 2011, were increased from 5.5% of salary to 6.5% of salary, and a phase-in to 7.5% of salary over a

NOTES TO FINANCIAL STATEMENTS

---

**F. EMPLOYEE BENEFITS (CONTINUED)**

**Pension and Retirement Plans (Continued)**

*Contributions (Continued)*

seven-year period. Covered Authority employees are required by PERS to contribute 7.5% of their salaries. State statute requires the Authority to contribute an actuarially determined rate which includes the normal cost and the unfunded accrued liability. The amount of the Authority's contribution is certified each year by PERS on the recommendation of the actuary, who makes an annual actuarial valuation. The valuation is based on a determination of the financial condition of the retirement system. It includes the computation of the present dollar value of benefits payable to former and present members and the present dollar value of future employer and employee contributions, giving effect to mortality among active and retired members and also to the rates of disability, retirement, withdrawal, former service, salary and interest. In accordance with state statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees, and the actuaries. Specific information on actuarial assumptions and rates of return can be found at

<https://www.nj.gov/treasury/pensions/documents/financial/gasb/gasb68-pers22-val.pdf>

The payroll for employees covered by PERS for the years ended June 30, 2022, 2021, and 2020 was \$8,048,394, \$7,796,833, and \$7,691,681, respectively. The Authority's total payroll for the years ended June 30, 2022, 2021, and 2020 was \$8,232,535, \$7,884,810, and \$8,003,155, respectively. The actuarial contribution requirements and the contributions made for the years ended June 30, 2022, 2021, and 2020 were \$1,822,549, \$1,731,864, and \$1,616,629, respectively, which consisted of \$1,211,114, \$1,154,558, and \$1,015,374 from the Authority, and \$611,435, \$577,306, and \$601,255 from employees, respectively. As required by PERS, the employer and employee contributions represented 15.0% and 7.6% of covered payroll for the year ended June 30, 2022, 14.8% and 7.4% of covered payroll for the year ended June 30, 2021, and 13.2% and 7.8% of covered payroll for the year ended June 30, 2020, respectively. Contributions were made in accordance with the actuarial funding requirement.

*Assumptions*

The total pension liability for the June 30, 2021, measurement date was determined by an actuarial valuation as of July 1, 2020. The pension liability was rolled forward to June 30, 2021. The actuarial valuation used an inflation rate of 2.75% on price and 3.25% on wage, projected salary increases through 2026 of 2.0% to 6.0% based on years of service and thereafter 3.0% to 7.0% based on years of service and an investment rate of return of 7.0%.

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2021 and 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be made based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

*Assumptions (Continued)*

More information on mortality rates and other assumptions and investment policies can be found at

<https://www.nj.gov/treasury/pensions/documents/financial/gasb/gasb68-pers22-val.pdf>.

The following presents the Authority's proportionate share of the PERS net pension liability calculated using the discount rate of 7.00% as of June 30, 2021 and 2020, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the assumed rate.

*Sensitivity of the Authority's Proportionate Share of the PERS Local Share Net Pension Liability to Changes in the Discount Rate*

	At 1% Decrease (6.00%)	At Current Discount Rate (7.00%)	At 1% Increase (8.00%)
2021	<u>\$17,041,101</u>	<u>\$12,251,099</u>	<u>\$8,671,531</u>
2020	<u>\$21,665,612</u>	<u>\$17,210,868</u>	<u>\$13,430,896</u>

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension*

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense excluding that attributable to employer-paid member contributions are determined separately for each individual employer of the state and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for each group as of June 30, 2021 and 2020, are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal years ended June 30, 2021 and 2020, respectively.

NOTES TO FINANCIAL STATEMENTS

**F. EMPLOYEE BENEFITS (CONTINUED)**

**Pension and Retirement Plans (Continued)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension (Continued)*

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collected deferred outflows of resources, collective deferred inflows of resources, and collective pension expense. The employer and nonemployer allocation percentages presented in the schedule of pension amounts by employer and nonemployer are based on the ratio of the contributions of an individual employer to total contributions to PERS during the measurement periods of July 1, 2020 to June 30, 2021 and July 1, 2019 to June 30, 2020, respectively. The Authority's proportionate share of the collective net pension liability as of June 30, 2021 and 2020, was .1034% and .1055%, respectively.

At June 30, 2022, the amount recognized as the Authority's proportionate share of the PERS net pension liability was \$12,251,099. At June 30, 2021, the amount recognized as the Authority's proportionate share of the PERS net pension liability was \$17,210,868. For the years ended June 30, 2022 and 2021, the Authority recognized PERS pension expense of a (\$1,458,153) and \$718,688 respectively. At June 30, 2022, deferred outflows of resources and deferred inflows of resources related to the PERS pension are as follows:

	June 30, 2022		June 30, 2021	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Net Difference Between Expected and Actual Experience	\$ 193,216	\$ 87,703	\$ 313,382	\$ 60,865
Change of Assumptions	63,804	4,361,471	558,340	7,206,353
Net Difference Between Projected and Actual Investment Earnings	-	3,227,261	588,281	-
Net Change in Proportions	617,249	410,161	999,624	114,235
Total Contributions and Proportionate Share of Contributions After the Measurement Date	1,211,114	-	1,154,558	-
	<u>\$ 2,085,383</u>	<u>\$ 8,086,596</u>	<u>\$ 3,614,185</u>	<u>\$ 7,381,453</u>

The Authority recognizes the \$1,211,114 and \$1,154,558 reported as deferred outflows of resources resulting from pension contributions after the measurement date, but before the end of the Authority's reporting period, as noted in the previous table, as a reduction of the PERS net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in PERS pension expense as follows:

Years Ending June 30,	Amortization
2022	\$ (2,810,041)
2023	(2,006,362)
2024	(1,367,997)
2025	(1,028,327)
2026	400
Total	<u>\$ (7,212,327)</u>

(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**F. EMPLOYEE BENEFITS (CONTINUED)**

**Post-Retirement Health Care Benefits**

**Other Post-Employment Benefits Other than Pensions**

On July 1, 2017, The Authority adopted GASB Statement No. 75, *Accounting and Financial Reporting for Post-employment Benefits Other Than Pensions*. Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB expense based on the ratio of plan members of an individual employer to the total members of the plan. For additional information about the Plan, please refer to the Division's Annual Comprehensive Financial Report which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

*Plan Description and Benefits*

The Authority provides post-employment healthcare benefits (including Medicare Part B reimbursement) and prescription drug coverage through participation in the New Jersey State Health Benefits Program. The plan is a cost-sharing multiple employer defined benefit other post-employment benefit (OPEB) plan that provides medical and prescription drug coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide post-retirement medical coverage to their employees must file a resolution with the Division of Pensions and Benefits. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer-paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of post-retirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer-paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for post-retirement medical coverage who have less than 20 years of creditable service on June 28, 2011, will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**F. EMPLOYEE BENEFITS (CONTINUED)**

**Post-Retirement Health Care Benefits (Continued)**

**Other Post-Employment Benefits (“OPEB”) Other than Pensions (Continued)**

Following is the total of the local portion of the System’s OPEB liabilities, deferred outflows of resources, and deferred inflows of resources related to OPEB and the OPEB expense and expenditures for the fiscal year ended June 30, 2022.

Net OPEB Liabilities	\$31,037,563
Deferred Outflows of Resources	10,820,046
Deferred Inflows of Resources	14,054,948
OPEB (Benefit) Expense	311,814
Contributions made	2,823,595

*Retirees and Employees Covered by the OPEB Plan*

At June 30, 2021, total plan members covered by the benefit terms were: 182

Retirees currently receiving benefits: 70

The Authority's contributions to the Plan for the years ended June 30, 2022 and June 30, 2021, were \$2,823,595 and \$2,666,194, respectively.

*Net OPEB Liability*

The Authority’s net OPEB liability of \$31,037,563 as of June 30, 2022, was measured as of June 30, 2021. The Authority’s net OPEB liability of \$29,968,511 as of June 30, 2021, was measured as of June 30, 2020. The Authority has fully recognized this liability in the statements of net position as of June 30, 2022 and 2021, in accordance with GASB 75.

*Actuarial Methods and Assumptions*

The net OPEB liabilities as of the June 30, 2021 and 2020, measurement dates were determined actuarial valuations as of June 30, 2020 and 2019, respectively, which was rolled forward to June 30, 2021, and 2020, respectively. The actuarial valuations used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%
Salary increases*:	
Rate through 2026	2.00% to 6.00%
Rate thereafter	3.00% to 7.00%

\*Salary increases are based on years of service within the plan.

Actuarial assumptions used in the July 1, 2020, valuation were based on the results of the PERS experience studies prepared for July 1, 2014 to June 30, 2018.

One-hundred percent of active members are considered to participate in the Plan upon retirement.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**F. EMPLOYEE BENEFITS (CONTINUED)**

**Post-Retirement Health Care Benefits (Continued)**

**Other Post-Employment Benefits (“OPEB”) Other than Pensions (Continued)**

*Health Care Trend Assumptions*

For pre-Medicare medical benefits, the trend rate is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.00% and decreases to a 4.5% long-term trend rate after seven years.

*Discount Rate*

The discount rates for June 30, 2021 and 2020, were 2.16% and 2.21%, respectively. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

*Sensitivity of Net OPEB Liability to Changes in the Discount Rate*

The following presents the Authority’s net OPEB liability as of June 30, 2021 and 2020, calculated using the discount rate as disclosed above as well as what the Authority’s net OPEB liability would be if it was calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	At 1% Decrease	At Current Discount Rate	At 1% Increase
	(1.16%)	(2.16%)	(3.16%)
2021	<u>\$ 36,525,258</u>	<u>\$ 31,037,563</u>	<u>\$ 26,688,446</u>
	At 1% Decrease	At Current Discount Rate	At 1% Increase
	(1.21%)	(2.21%)	(3.21%)
2020	<u>\$ 35,429,111</u>	<u>\$ 29,968,511</u>	<u>\$ 25,645,949</u>

*Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rate*

The following presents the net OPEB liability as of June 30, 2021 and 2020, respectively, calculated using the healthcare trend rate as disclosed above as well as what the net OPEB liability would be if it was calculated using a healthcare trend rate that is one percentage point lower or one percentage point higher than the current rate:

Thereafter	278,644
Total	<u>\$ (6,058,497)</u>

**G. MAJOR WATER CUSTOMERS**

During fiscal years 2022 and 2021, the Authority supplied water to approximately 30 customers of the Raritan Basin System and 13 customers of the Manasquan System.

*Revenue*

During fiscal years 2022 and 2021, two customers accounted for approximately 84% of total Raritan Basin System operating revenue. During fiscal years 2022 and 2021, three customers accounted for approximately 85% of total Manasquan System operating revenue.

*Accounts Receivable*

During fiscal year 2022, two customers accounted for approximately 100% of total Raritan Basin System accounts receivable and three customers accounted for approximately 95% of total Manasquan System accounts receivable. During fiscal year 2021, three customers accounted for approximately 90% of total Raritan Basin System accounts receivable and three customers accounted for approximately 85% of total Manasquan System accounts receivable.

**H. RISK MANAGEMENT**

The Authority carries insurance for all of its facilities, covering direct physical loss or damage and loss of revenue resulting therefrom, with such deductibles as it deems appropriate. The Authority also carries General and Umbrella Public Liability Insurance with such self-insured retainers as it deems appropriate. Automotive and Public Officials Liability coverage is also maintained with deductibles. Workers’ Compensation coverage is also maintained, as required by State law. Settled claims resulting from the aforementioned risks have not exceeded insurance coverage in any of the past three fiscal years.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**I. INSURANCE REIMBURSEMENTS**

There are no insurance reimbursements included in “Other income” on the statements of revenues, expenses and changes in net position for the years ended June 30, 2022 and 2021.

**J. COMMITMENTS AND CONTINGENCIES**

**Commitments**

*Construction Projects*

The Authority had several outstanding or planned construction projects as of June 30, 2022. These projects are evidenced by contractual commitments with contractors and include:

Project	Awarded	Commitment Remaining
RV Reservoir Structures Refurbishment and Resource Preservation Project	\$ 85,925,563	\$ 31,395,834
Dredging of the D&R Canal from Kingston to Amwell Road	46,263,004	7,061,563

Replacement of the Spruce Run Fuel Facilities Dispenser Unit	300,520	18,995
	<u>\$ 141,432,101</u>	<u>\$ 41,111,813</u>

*Operating Leases*

Lease	Commencement Date	Payment Terms	Annual Payment Amount	Interest Rate	Total Lease Liability	Balance June 30, 2022
Various Copiers	01/01/22-12/31/25	48 Months	\$ 10,440	3.73%	\$ 38,738	\$ 34,205

The Authority has entered into leases for various copy machines. The interest rates on the leases are fixed based on an assumed incremental borrowing rate of 3.75% at lease commencement. All lease agreements contain a purchase option at the end of the lease term which the Authority does not expect to exercise; accordingly, the right-to-use assets are amortized at the useful life of the asset, which is four years for all leases.

Annual requirements to amortize long-term obligations and related interest are as follows:

Year Ending June 30,	Principal	Interest	Total
2023	\$ 9,322	\$ 1,118	\$ 10,440
2024	9,676	764	10,440
2025	10,043	397	10,440
2026	5,164	56	5,220
	<u>\$ 34,205</u>	<u>\$ 2,335</u>	<u>\$ 36,540</u>

(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

---

**J. COMMITMENTS AND CONTINGENCIES (CONTINUED)**

**Contingencies**

The Authority is party to various legal actions and disputes. Although the ultimate effect, if any, of these matters is not presently determinable, management believes that collectively they will not have a material effect on the results of operations or the financial position of the Authority.

**K. CHANGE IN ACCOUNTING PRINCIPLE AND PRIOR PERIOD RESTATEMENT**

Effective June, 30, 2022, the New Jersey Water Supply Authority implemented GASB Statement No. 87, *Leases*. The requirements of this Statement improve financial reporting by increasing the usefulness of the Authority's financial statements by requiring recognition of lease assets and liabilities for leases that previously were classified as capital and operating leases. It established a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset. These changes were incorporated in the Authority's financial statements and had an effect on the beginning net position. The implementation of GASB Statement No. 87 had the following effect on net position as reported June 30, 2021:

Net position, June 30, 2021	\$ 122,013,313
Adjustments:	
Right-of-use asset, net of accumulated amortization	7,032
Lease liability	(6,998)
Restated net position, June 30, 2021	<u>\$ 122,013,347</u>

**L. IMPACT OF COVID-19**

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of the coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the Authority operates. Due to the impact of New Jersey Governor Murphy's Executive Order No. 107, dated March 21, 2020, mandating statewide stay-at-home practices and closure of all non-essential retail businesses; and Executive Order 244, dated June 4, 2021, terminating the Public Health Emergency; it is reasonably possible that there still may be certain expense and accounts receivable increases, and that related collections may be adversely impacted. It is unknown how long these conditions will last and what the complete financial impact will be on the Authority.

**NEW JERSEY WATER SUPPLY AUTHORITY  
(A COMPONENT UNIT OF THE STATE OF NEW JERSEY)**

NOTES TO FINANCIAL STATEMENTS

**M. INFORMATION BY BUSINESS SEGMENT**

The Authority issued revenue bonds to finance the construction of various capital assets, including the construction of the reservoir systems for both the Manasquan and Raritan Basin Systems. Each of these Systems must provide sufficient revenue each year to cover its own operating expenses and debt service. Investors in the revenue bonds rely solely on the revenue generated by the individual activities for repayment. The chart represents information by Business Segment and is not consistent with the consolidated balances on the statements of net position. Summary financial information for the operating segments is presented below:

**N. ADOPTION OF GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STATEMENTS**

The GASB has issued Statement No. 87, "Leases." This statement is required to be adopted by the Authority for the year ending June 30, 2022. The adoption of this statement resulted in a prior period restatement of net position and updated reporting for leases as described in Note K.

The GASB has issued Statement No. 89, "Accounting for Interest Cost Incurred before the End of a Construction Period." This statement is required to be adopted by the Authority for the year ending June 30, 2022. The adoption of this statement had no effect on previously reported amounts.

The GASB has issued Statement No. 93, "Replacement of Interbank Offered Rates." This statement is required to be adopted by the Authority for the year ending June 30, 2022. The adoption of this statement had no effect on previously reported amounts.

The GASB has issued Statement No. 97, "Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB No. 32." This statement is required to be adopted by the Authority for the year ending June 30, 2022. The adoption of this statement had no effect on previously reported amounts.

NOTES TO FINANCIAL STATEMENTS

---

**N. ADOPTION OF GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STATEMENTS (CONTINUED)**

The GASB has issued Statement No. 98, "*The Annual Comprehensive Financial Report*." This statement is required to be adopted by the Authority for the year ending June 30, 2022. The adoption of this statement had no effect on previously reported amounts.

The GASB has issued Statement No. 99, "*Omnibus 2022*." Certain provisions of this Statement are required to be adopted by the Authority for the year ended June 30, 2022. The adoption of these provisions had no effect on previously reported amounts.

**O. PENDING GOVERNMENTAL ACCOUNTING STANDARDS BOARD (GASB) STATEMENTS**

The GASB has issued Statement No. 91, "*Conduit Debt Obligations*." This statement is required to be adopted by the Authority for the year ending June 30, 2023. The Authority has not determined the effect of Statement No. 91 on the financial statements.

The GASB has issued Statement No. 92, "*Omnibus 2020*." This statement clarifies the effective date of Statement No. 87 and addresses other topics that are required to be adopted by the Authority for the year ended June 30, 2023. The Authority has not determined the effect of Statement No. 92 on the financial statements.

The GASB has issued Statement No. 94, "*Public-Private and Public-Public Partnerships and Availability Payment Arrangements*." This statement is required to be adopted by the Authority for the year ending June 30, 2023. The Authority has not determined the effect of Statement No. 94 on the financial statements.

The GASB has issued Statement No. 95, "Postponement of the Effective Dates of Certain Authoritative Guidance." This statement postpones the effective dates of applicable pending Statements described above. The effective dates mentioned above are the applicable postponed dates as prescribed by statement No. 95.

The GASB has issued Statement No. 96, "Subscription-Based Information Technology Arrangements." This statement is required to be adopted by the Authority for the year ending June 30, 2023. The Authority has not determined the effect of Statement No. 96 on the financial statements.

The GASB has issued Statement No. 99, "*Omnibus 2022*." Certain provisions of this Statement are required to be adopted by the Authority for the years ending June 30, 2023 and 2024. The Authority has not determined the effect of these provisions on the financial statements.

The GASB has issued Statement No. 100, "Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62." This statement is required to be adopted by the Authority for the year ending June 30, 2024. The Authority has not determined the effect of Statement No. 100 on the financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Commissioners of  
New Jersey Water Supply Authority

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the New Jersey Water Supply Authority (a component unit of the State of New Jersey) (the "Authority"), as of and for the year ended June 30, 2022, and the related notes to financial statements, which comprise the Authority's basic financial statements, and have issued our report thereon dated February 10, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)**

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Merodien, P.C.*  
*Certified Public Accountants*
