

## **NEW JERSEY WATER SUPPLY AUTHORITY**

### **Notice of Rule Proposal**

New Jersey Water Supply Authority rules-N.J.A.C. 7:11

### **Public Notice**

Take notice that the New Jersey Water Supply Authority is proposing to readopt with amendments the New Jersey Water Supply Authority rules at N.J.A.C. 7:11. A statement of the proposal follows:

The New Jersey Water Supply Authority rules establish requirements for the use of lands under the Authority's jurisdiction, and for the use of the water from the Manasquan Reservoir System and the Raritan Basin System, as well as the rates, charges, and debt service assessments for the sale of water from both systems. These rules are due to expire on March 21, 2009 in accordance with the sunset provisions of N.J.S.A. 52:14B-5.1.

The Authority is proposing to amend several provisions in the subchapter governing the use of Authority property, regarding companion dogs; restrictions on activities related to horses; allowing a person to scuba dive or skin dive at the Spruce Run and Round Valley Recreation Areas in accordance with the State Park Service Code rules; requiring a permit from the Delaware and Raritan Canal Commission as well as the Authority and State Park Service prior to building a dock on the D&R Canal; and providing for quarterly payment terms for water users. The Authority is also proposing other minor amendments that correct grammar and clarify definitions.

The proposal is scheduled to be published in the New Jersey register dated October 20, 2008. A copy of the proposal is available from the New Jersey Water Supply Authority's website at <http://www.njwsa.org>; LexisNexis Customer Service at (800) 223-1944 or [www.lexisnexis.com/bookstore](http://www.lexisnexis.com/bookstore); or contact the New Jersey Water Supply Authority at (908) 638-6121. Be advised that there may be a fee for obtaining a copy of the proposal from some sources.
